

HPD UNIQUE IDENTIFIER: 2425206116352

CLASSIFICATION: 07 13 00 Sheet Waterproofing

PRODUCT DESCRIPTION: The Protect GRIP combines a fleece with a watertight film coating and a special water resistant polyacrylate adhesive. The tear-resistant plastic liner simplifies processing. Building elements can be covered over the entire surface using the Protect GRIP membrane to protect them during transport and during construction.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

The product's character is similar to a wide adhesive tape. When handling, skin contact with the adhesive surface should be avoided as much as possible. If contact occurs, it should be removed immediately, and the skin should be cleaned with water. The product is a construction material and should be kept away from children.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.
