

## PRODUCT DATA SHEET

# Air vents for roof substructure membrane

For safe penetration of roof substructure membrane, for ventilation of roof substructure

## FIELD OF APPLICATION

- For safe penetration of roof substructure membrane
- For ventilation of roof substructure

## ADVANTAGES

- Quick and simple installation
- Integrated mesh protects from snow and insects

## AVAILABLE IN THE FOLLOWING DIMENSIONS

Diameter	110 mm
Colour	White transparent
Carton	10 Stk

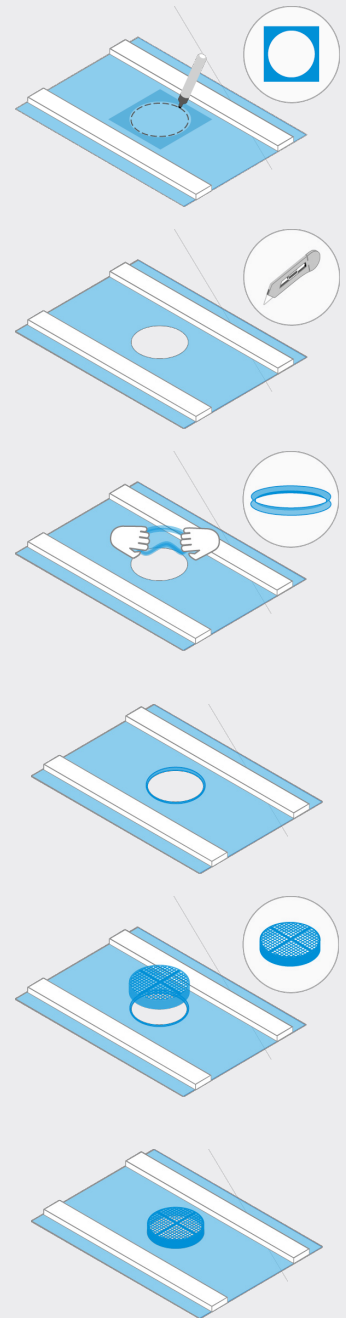

## PRODUCT DATA

Material composition	2-part made of PVC
Colour	Transparent white
Storage	Cool and dry, original packing
free ventilation cross section	75 cm <sup>2</sup>

# Air vents for roof substructure membrane

## INFO

Please follow the instructions for installation and use the included template.
